Information

Connecting Locally

Getting plugged into your ITE District is vital for experiencing the best ITE has to offer. Here are some next steps to get you started:

Continuing Education

- ITE hosts an in-person transportation professional conference
- ITE offers dozens of digital learning opportunities within the ITE Learning Hub
- ITE offers a leading Professional Development Record Keeping System to track any continuing education hours the member completes

Certifications

The Transportation Professional Certification Board (TPCB) offers voluntary certification to licensed professionals in the United States or Canada.

- Professional Traffic Planner (PTP)
- Professional Traffic Operations Engineer (PTOE)
- Road Safety Professional (RSP)

Enroll as a Mentee or Mentor

Provide the opportunity to network with other transportation professionals during education hours.

Members that tracks any continuing education

Certification to licensed professionals in the United States or Canada.

Connecting Locally

Getting plugged into your ITE Section/Chapter is vital for experiencing the best ITE has to offer. Here are some next steps to get you started:

- In the **Districts, Chapters, Sections** webpage, use the map to identify which ITE District you fall in. Then scroll down to browse the Sections within your District.
- Click the link to your Section to navigate to the Section or Chapter website. Students, you can find your section in the Student Chapters webpage.
- Navigate to the "About" section of the Section website to get in touch with a member of the Leadership to make sure you are included in all future meetings.
- Navigate to the Events section of your Sections webpage so you can mark your calendar ahead of time for any upcoming events.
 - Sections typically meet in person several times a year. You can expect to become very familiar with your section members.
 - Districts typically meet in person once or twice a year.

Connecting Digitally

ITE's e-Community portal is the digital growth engine for over 10,000 world-wide members. Here's how to get started:

- Log in to your account then go to My Profile
- Check out the e-Community section. Here you will find various Communities, Councils, and Committees to engage with fellow members.
- Have an idea but not sure how it fits into the current ITE structure? ITE Great Idea Groups might be the place for you!
- Interested in online networking and career development? Enroll as a Mentor or as a Mentee!

Continuing Education

- ITE hosts an in-person conference and a virtual conference annually. Both provide the opportunity to network with other transportation professionals as well as earn transportation related continuing education hours.
- ITE offers dozens of digital learning opportunities within the ITE Learning Hub.
- ITE offers a leading Professional Development Record Keeping System to members that tracks any continuing education hours the member completes.

Certifications

The Transportation Professional Certification Board, Inc. (TPCB) offers voluntary certification to licensed professionals in the United States or Canada, and to those in other countries with equivalent professional status.

- Professional Traffic Operations Engineer (PTOCE)
- Professional Traffic Planner (PTP)
- Road Safety Professional (RSP)
